

Mail Anonymizer

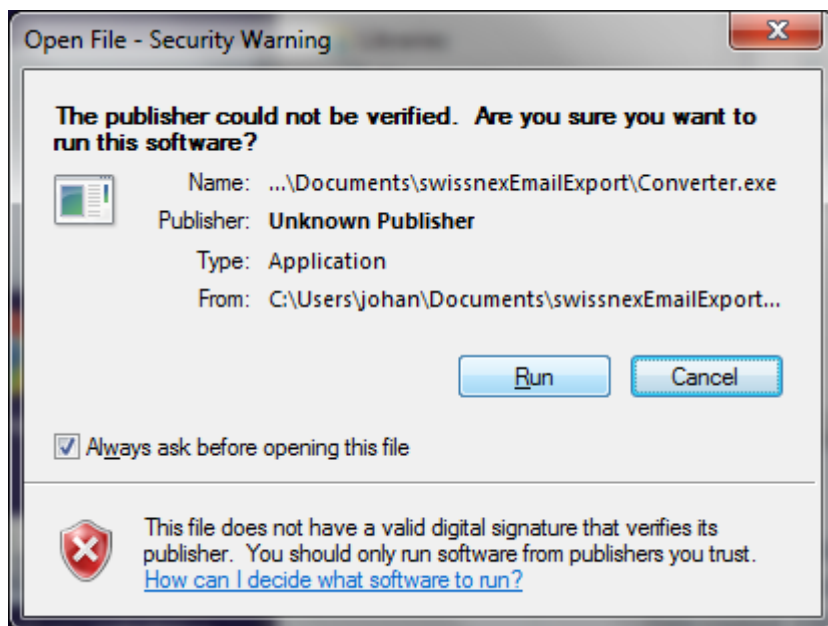

Steps to export your mailbox and anonymize it

1. Extract the ZIP archive to a desirable folder

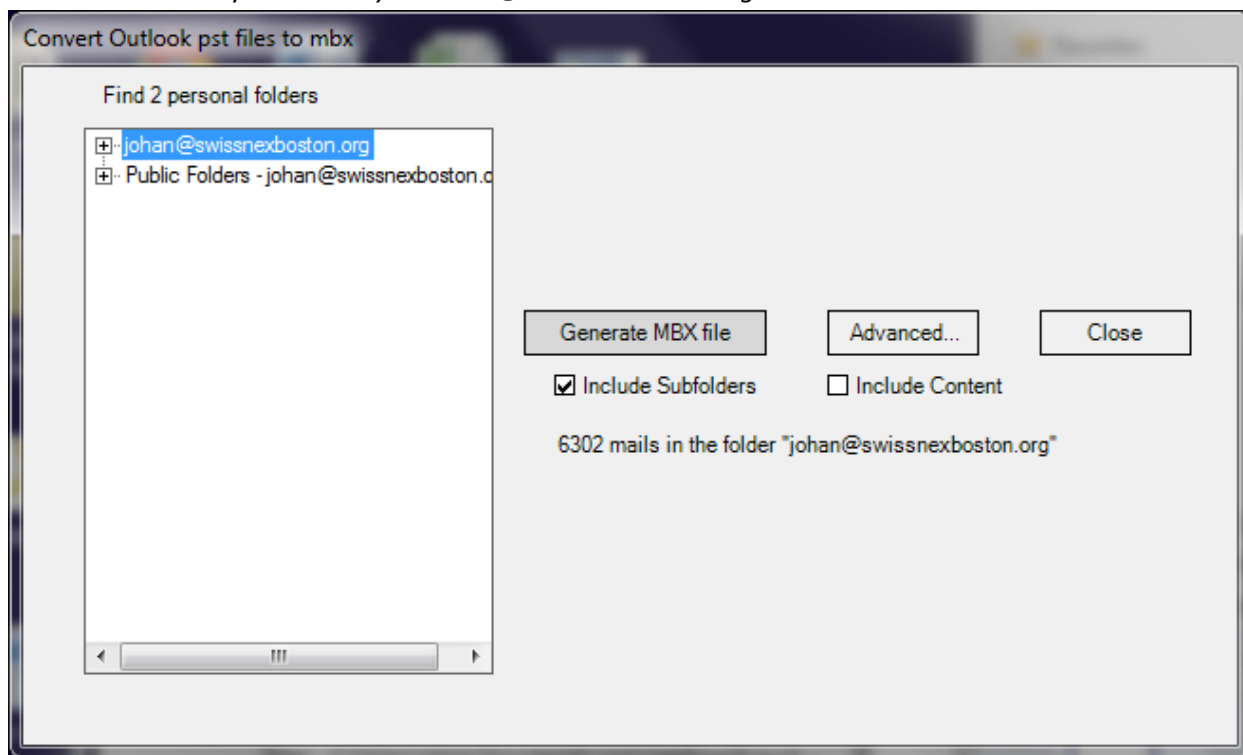

2. Run the executable converter.exe and click on “run”

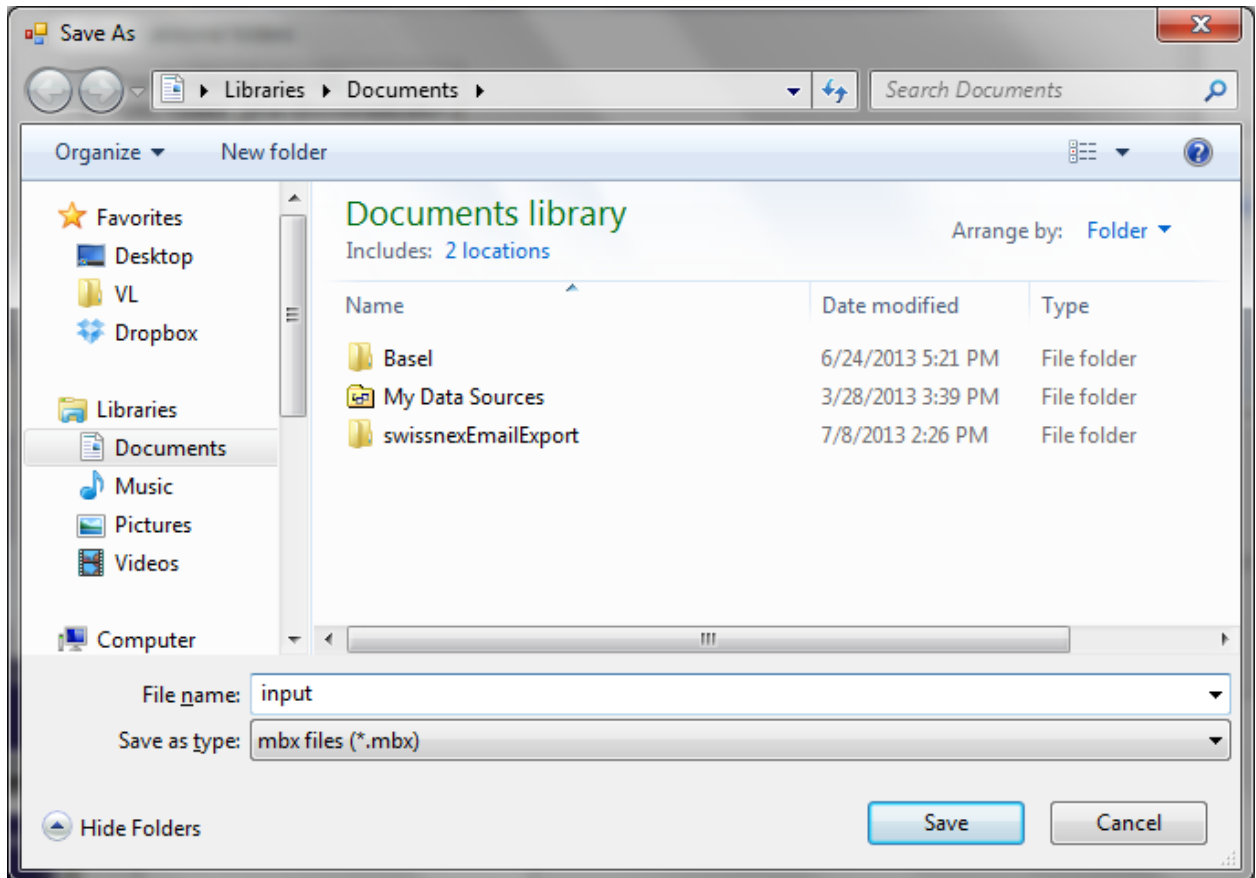

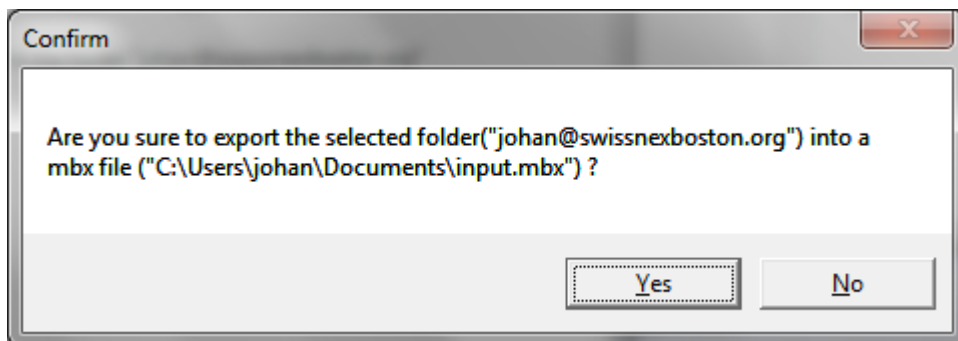

3. Select the same options as the ones selected on the screenshot below and click on "Generate MBX". Make sure you click on *yourname@swissnexboston.org*

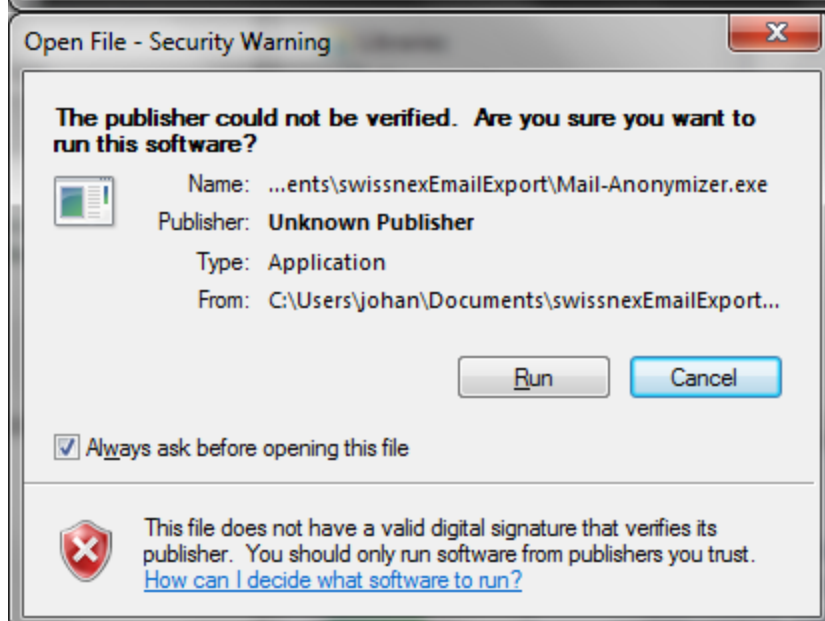

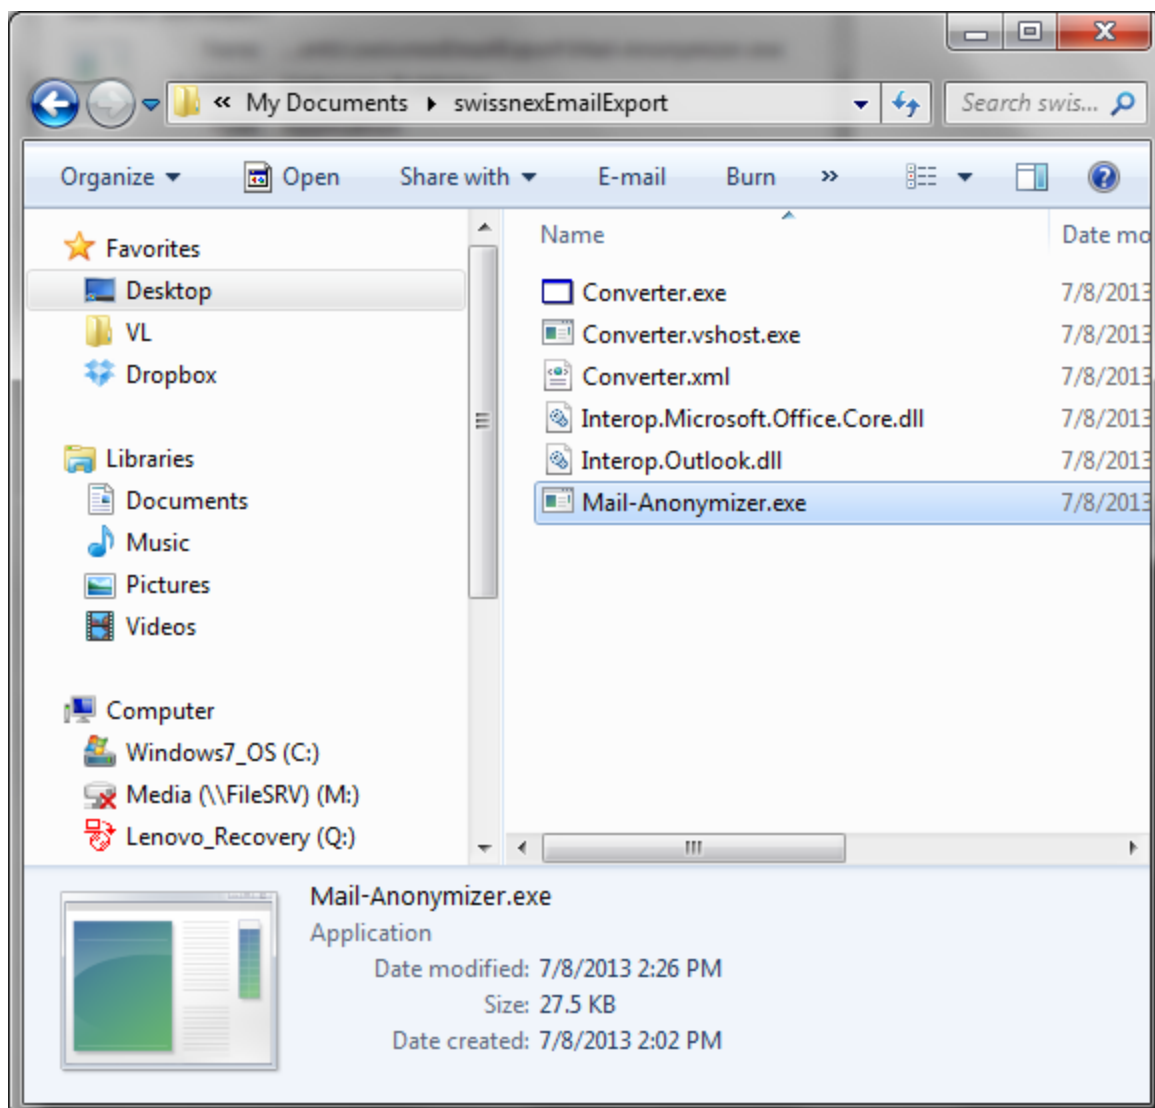

4. Save it as input and choose filetype mbx

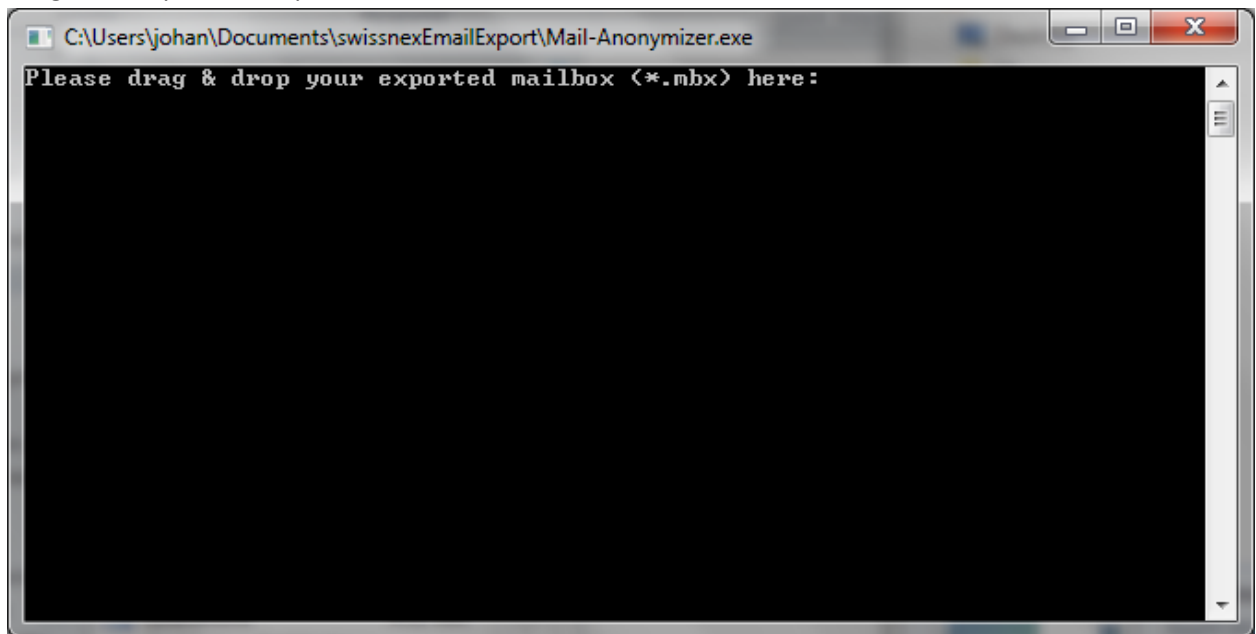

5. Click on Yes

6. Launch the executable mailAnonymizer.exe and click on "run"

7. Drag and drop the file *input.mbx* onto the command window

8. Once done type on any key and press enter.
9. A file output.mbx should have been created where the executable Mail-Anonymizer.exe is saved. (if you want to have a look at the content of the file, do a right click on the file and then: open with -> notepad)
10. Please send the file output.mb to Raphael@swissnexboston.org
